LILGE'S SECOND TRIAL BEGAN THIS MORNING

Bruderheim Murder Case Again Before Supreme Court--- John Nix in the Witness Box

The court room in the Sandison block was crowded this morning when the second trial was opened of Ludwig Lilge, who stands before His Lordship charged with the murder of Wm. Leslie at Bruderheim on the night of the 26th of January, 1905. Leslie kept a store at Bruderheim, which was burned on the above date, and the trunk of his body found in the ruins. At the coroner's inquest a verdict was returned of death by fire. The body was then buried. When the police took the matter in hand, the body was exhumed and three knife wounds found close to the heart. Three arrests were made, Leopold Grams, Gustave Hoehme, and Lilge. Grams was released, and Hoehme who had been arrested on a statement made by Lilge, was tried last November and acquitted. Lilge then came up, and his trail lasted two days, after which the jury failed to agree, whereupon they were discharged and a new trial ordered.

The prisoner was composed and even cheerful this morning as he sat in the box.

The jury called for the case are as follows: Wm. Wilkinson, Richard P. Ottersell, Wm. Wakeford, Albert J. Stannard, George Sutherland, and Wm. Craig.

The morning session was taken up with the examination of one witness, John Nix, who was Leslie's partner in the store, and when the court adjourned at 12.30 Nix was still in the box.

Nix, sworn, said he was partner in the store business with Leslie at Bruderheim. The store stood on the south side of the Fort Saskatchewan road. A plan of the district surrounding the store was produced, and the witness explained to the court the positions of the various buildings. The house of the witness was about 200 yards back from Leslie's store. Leslie lived alone in his store and slept upstairs. He looked after the store, and Nix worked around the place and helped him in the store. On the night of the fire he was in the store, together with Leopold Grams, who worked at the store and stayed at the house of the witness. Grams left the store shortly before witness. Campbell and his two boys of Star, were also in the store. No one was left with Leslie with witness left. When witness got home Grams was writing at the table. Witness went to bed and left Grams at the table. Witness saw Grams' light go out. Witness was wakened by an explosion about half-past two. In Leslie's store there was powder in a keg, and some machine oil. The powder was under a shelf against the east wall of the store. The dimensions of the store were about 18x20. When he heard the explosion, witness got up, and Grams, who had not heard the explosion, was called by Nix's wife. Witness looked out of the window and saw the store on fire. It was out of the question to save the store as it was nearly all burned then. There was some $200 or $300 of store money in the store on the night of the fire, which was kept by Leslie himself. There was also some other money as Leslie was secretary-treasurer of the school district. The small money was kept on a shelf in a card-board box. Leslie usually kept his money in his inside vest pocket. Leslie also carried a silver watch and chain, and carried his money in a pocket-book. There were two watches in the store, hanging on the wall. One was a gold one belonging to Leslie, the other was a cheap one which he had for sale.

After the fire witness first saw the skull of a man at the rear of the building. The body was lying against the box stove, which was slightly tipped over. The trunk of the body

WILL SURVEY THE ATHABASCA

Waterway to the North May be Deepened--New Steamer Building

Athabasca, Feb. 19—Engineer Paradis and party left here Saturday afternoon for Fort McMurray, to take soundings of the Athabasca River and see what will be required to be done toward making the river navigable during low water, from the Landing to that point. The distance is abou ttwo hundred and fifty miles and if he succeeds in having a low water channel opened it will greatly facilitate travel to the far north.

Latest reports from Lesser Slave Lake by freighters arriving here yesterday are to the effect that Cornwall and Brick were nominated as candidates for M. P. P. for the Peace River district. Elections took place on the fifteenth, but no word as to the results has yet been received.

Capt. Barker has commenced building a steamer here to be used on the Lesser Slave Lake end of the water route to handle freight and passengers going between the Landing and Lesser Slave. We understand it is the intention of the owners to run this steamer in conjunction with the steamer Midnight sun, which will look after the business from here to Slave Lake.

While out driving Friday afternoon Mrs. Reeve received a very painful injury by falling out of the sleigh. She is now doing nicely and it is hoped will soon be well again.

It is raining here today and the snow is nearly all gone. Reports from the south are to the effect that there is very little sleighing south of Eggles and none on Whiskey plains.

MOROCCOAN SITUATION

France and Germany Exchange Notes on the Police Question

Algeciras.—Feb. 19.— The German note which was delivered some days ago after proposing to leave the police of Morrocco in the hands of the Sultan, who should choose the foreign officers to take charge of the organization of the force suggested in vague terms that the persons to be charged with the organization, inspection and surveillance should be a controlling body. The French answer agreed to leave the police to the Sultan on conditions that the officers selected by him for the work of organization and training should be French and Spanish. It added "France will not refuse to discuss subsequently the question of surveillance, if Germany will accept the principle that the officers charged with the organization of the police be French."

BRITISH HOUSE OPENS TOMORROW

London, Feb. 19.—The opening of the first session of the second Parliament of the reign of King Edward VII. takes place tomorrow afternoon. Since His Majesty ascended the throne he has personally opened each of the six sessions of Parliament, adding much to that ceremonious occasion. Tomorrow's event has added interest in that it is the first new Parliament to be opened by the King and politically because of the great change which has come over the opinions of the people.

LOST AT CARBERRY

Winnipeg, Feb. 17.—The Edmonton hockey club went down to defeat again tonight. After a game struggle they were defeated by the Carberry team by seven goals to four.

THE EMPEROR AND ASSEMBLY

Crisis in Austro-Hungarian Situation May be Reached To-day

Buda-Pest, Feb. 19.—Possible consequences of the dissolution of the Hungarian Diet by the Crown, which is set for today serve to arouse certain feelings of fear both here and in Vienna that an act in the constitutional drama will then be played in the Hungarian capital which may bring violence and bloodshed. If the members of Parliament refuse to obey the royal rescript re dissolving the body the only recourse left to the crown is to clear the house by force of arms. It is not known yet in what manner the various parties composing the coalition will accept the doesolution. Some reports are that they will lodge a united protest against it and others that each component party will be allowed to decide for itself. A meeting is to be held, however, to settle on some course.

The members of the present chamber of deputies were elected a year ago, but owing to the constant conflict between the crown and the parliamentary opposition the house has practically been without functions.

THISTLES PLAY BRANDON TO-NIGHT

Brandon, Feb. 19.—The Thistles play Brandon tonight, Powers, Banford and Humeston on defence, Deeton, Johnston, Sibbald, and either Campbell or Wright on forward line. The weather is fine.

RED DEER ITEMS.

Red Deer, Feb. 17. — James Strong, who has been visiting his brother, Mr. Chas. Strong, the local C. P. R. agent, for the past six weeks, left last night for his home near Medicine Hat.

James Gaetz, of the North Alberta Land Co., left yesterday for Winnipeg, Man.

Mr. MacDonald, of the Red Deer Milling Co., arrived from Calgary yesterday.

R. McCutcheon, manager of points on the Lacombe branch of the Massey-Harris here, left yesterday on a week's business trip to Stettler, Blumeneau asd various points on the Lacombe branch.

The annual general meeting of the Red Deer Memorial hospital was held last night in Mechanics' hall for the purpose of submitting the reports of the directors to fill the places occupied by those whose term had expired. The three directors whose terms had expired were Mayor Michener, Capt. Cottingham and F. E. Wilkins, and several nominations yere made to fill the vacancies.

The directors' report was read by the president and the financial report was read by the secretary-treasurer, S. W. Carscallen, both reports showing that the hospital had made a great advance for the year.

The hospital is closed for the present while necessary repairs are being done, but will be opened in a short time with an entirely new nursing staff.

Red Deer sports are beginning to wonder what chances there are of a baseball league being formed on the line this year.

A report is current around town that the traffic bridge now spanning the Red Deer river at the foot of Gaetz avenue, is to be removed and another and larger bridge with a sidewalk for pedestrians will be built on the same piers. This is a highly desirable improvement, as at present it is almost impossible for two teams, especially if either one is at all nervous, to pass on the bridge, more than one runaway having resulted from attempting it.

Miss Cowan, of Innisfail, is at present filling the vacancy in the teaching staff of the Red Deer public school, caused by the absence of Miss Campbell.

If Red Deer gets the $30,000 brick station, the eight-stall roundhouse and the new bridges that are just as good as built to some of the people here, the town ought to go some next year. There is also a proposition to build a new fire hall, one that will be a credit to the town for years to come.

DAKOTANS WON.

Winnipeg, Feb. 17.—North Dakota won the international debate between the Universities of Manitoba and North Dakota last night.

SUNDAY FIRE DAMAGED WEST END BUSINESS BLOCK

Second Street Block Belonging to R. Lee Partly Destroyed--Loss on Building and Contents About $10,000

At an early hour Sunday morning fire broke out in the premises occupied by the Cameron Co., Limited., on Second street and almost completely destroyed the building belonging to Robt. Lee besides wiping out the stock of the Cameron Co., doing damage to the extent of $600 to goods stored on the second flat and implicting lighter losses on the Edmonton pantorium, J. F. Vlanvelt, tailor, and a Chinese tenant of one of the stores.

This morning at about the same hour Fire Chief Wilson went back to inspect the premises and found the fire blazing up again, necessitating a second call to the scene.

The origin of the fire has proved a mystery to the fire department, but when first noticed it was burning fiercely in the rear end of the Cameron premises. Th efire was discovered almost simultaneously by a small boy passing along the street and by Mr. Vlanvelt, the tailor, who sleeps in the rear of his tailor shop. The fire had already made considerable headway and although the firemen answered the call promply, the building was almost practically gutted before they arrived on the scene. Three streams were applied from the city mains, the fire engine not being used. The large quantity of paints and oils stored by the Cameron Co. on the second flat made a very bad fire for nearly an hour, cans and barrels bursting and the contents going up with a flare that looked like a fire works display. Time and again the firemen thought they had the fire confined to some particular section of the building, when without warning it would break out again among the highly inflamable material and they would have to start all over again. By the time the fire was finally gotten under control the damage was complete to the Cameron stock and almost everything else in the building and storehouse was gutted from end to end.

The fire this morning was not a very serious affair, Chief wilson and a couple of men from the hall being able to handle it with one stream.

The loss entailed by the fire will probably run over $10,000. A. W. Cameron of the Cameron Co., estimates his loss in goods at $5,000 with only $1,000 insurance. Goods to the extent of $600, belonging to Reed's Bazaar, on which there was no insurance, were destroyed and the damage to the other tenants and to the building would bring it near to the figures indicated.

Robt. Lee, owner of the building, stated this morning that he was as yet undecided what about re-building. The building has only been standing about ten months, having been built last spring at a cost of $2,500. There was $1,500 insurance on it.

ARRANGING FOR THE CENSUS

Ottawa, Feb. 19.—The schedules are being printed for the Alberta and Saskatchewan census to be taken in the spring in accordance with the act admitting them to provincial status. The census is to fix the amount of capitalion, subsidy and debt allowance. The schedules are similar to those used in the last Dominion census. Information is called for respecting individuals, whether married, age, nationality, domestic animals owned, crops and acreage.

Extensive Immigration Program

F. T. Fisher, secretary of the board of trade, returned on Saturday evening from Winnipeg, where he went to attend the annual convention of the Western Canada Immigration Association. Mr Fisher reports that the Association had a most successful convention. There were about fifty delegates present, representative of almost every city and town of any consequence in the west. The Winnipeg wholesalers were hardly as well represented as might have been wished for, but this was on account of the fact that it was a particularly busy week with them, the town being full of curlers, a great many of whom were customers of the wholesalers, and whose demands took up a great deal of the merchants' time.

The financial standing of the Association, as shown by Secretary Knappen's report, is very good. There is a balance of some $10,000 on hand, and the secretary has promises of close to $40,000 which will come in during the next few months. The program which the secretary has outlined for the next two years will cost approximately $50,000 and calls for bringing the best newspaper men on the continent of America into the country during the next two years.

G. T. P. Survey Into Strathcona

The Strathcona Chronicle is authority for the news that "the Government inspecting engineer, in company with the G. T. P. engineer passed over the G. T. P. line into Strathcona nearly a week ago." The Chronicle says:

"On the very best authority we learn that the line through Strathcona to the proposed high level bridge has been worked out in all its detail by these engineers, even to locating road crossings and measuring houses and barns for the purpose of estimating the cost of removal off the right of way, but not one bit of work has been done upon the portion towards the Clover Bar Crossing. The engineers camped in the vicinity of Cooking or Hastings Lake are the authority for the statement that this said party is the final locating party.

"Without being unduly optimistic we are prepared to state on very good evidence as authority that the G. T. P. will come through Strathcona and cross over the proposed high level bridge; further, that the final survey has been made and inspected both for the Government and the company."

Commenting on this editorially the same paper says, "The G. T. P. surveyors were taking the angles near the C. P. R. station on Saturday last, which would indicate that they have received instructions to plan out a common running route through the town with the C. P. R. From this it is reasonable to suppose that the C. P. R. and the G. T. P. are contemplating a union station in Strathcona and a partnership in the high level bridge across the Saskatchewan. In that case Strathcona will become of additional importance as a railway centre, and the passengers and mail trains of these two large transcontinental systems will just remain long enough in Edmonton to take up passengers and mail before pushing on to their western terminal points.

RUSSIAN WEDDING

In the Greek Catholic church on Saturday morning, Daniel Szorny and Catherine Olyszuk, two popular young people among the Russians of this city, were joined in the bonds of matrimony by Rev. Father Dydik. The ceremony took place at 10 o'clock a.m., after which the party repaired to the bride's parent's residence, and a regular Russian wedding feast was spread, followed by music and dancing, which was indulged in by friends of the couple of all nationalities. The bride received some handsome tokens in the way of silverware and other presents to start them out in housekeeping.

The happy couple have established their home at the corner of Syndicate avenue and Rowland street, where the bride will be pleased to receive their many friends and to thank them in Russian style for the beautiful presents and the good send-off given her on the occasion of her wedding.

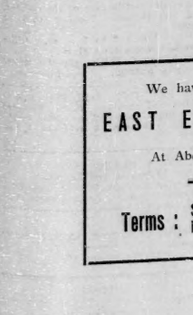

McDOUGALL & SECORD BUILD NEW EUR STORE

John A. McDougall stated this morning that it was his intention to have constructed a one storey brick building on the half lot next to the fur store which was leased Saturday to the Bank of Hamilton. The new building is to be used in place of the one just leased. Construction will be commenced immediately and the building will be ready for occupancy within the next three weeks. In the meantime the fur buyer, Mr. Henry Fraser, will occupy premises on First street, just back of the McDougall & Secord store.

The Bulletin's Daily Budget From the Sister Town

Strathcona, Feb. 18.—Real estate is still active here. We understand Mr. Gaobe has just disposed of the Harris block, Whyte avenue east, at about $600 advance and has made another $5,000 deal in the west end.

Mr. Joshua Law, late of Dauphin, Man., who was for some time in the Edmonton Milling Co's employ here, has gone to Prince Albert, where he Phas secrued a more remunerative position.

Mr. Cordon, late of Stony Plain, came in last night with a load of fine fish, from White Whale Lake, consigned to Mr. Gainer, town. We understand that it is the last load for the season, as the weather is getting too warm for a safe business in that commodity.

Mr. Williamson, Lambton county, Ont., is at the Commercial. He is up to have a look at Northern Alberta.

Mr. Drysdale, late of Nova Scotia, who purchased the Doze farm, Clover Bar, has his family comfortably settled there. This gentleman came west in 1905, and was fortunate enough to secure some valuable property near our town. He has again shown his faith in bringing his family west and making a second investment in our rich prairie land.

The Rev. Mr. Fleming has a class of young men who meet in the Orange hall here every Sabbath afternoon at 3 p.m. They are at present discussing "Life and Conduct," a work of much merit, by J. Comeron Lees, D. D., LL. D., Edinburgh.

The Byron Bros. late of Sherbrooke, Que., are in town. They have come west to secure some of the rich land of Alberta, and are at present getting information as to the best sections open for homesteads.

Mr. E. Lyne has gone to Macleod to purchase stock for Mr. Gainer, town. He will not be back for about ten days.

Mr. Watt, late of Owen Sound, and an LL.B. of an American University, has accepted the principalship of the East Edmonton public school for the present.

Strathcona, Feb. 16.—David Fraser, provincial boiler inspector, left on his regular tour of inspection February 7, en route for Spruce Grove. He will also visit Mewassin, White Whale Lake, Lac Ste. Anne, and will then work in the neighborhood of Pembina River. Mr. Fraser will return in about two weeks and will then be busy conducting professional examinations in different parts of the province for first, second and third class certificates.

Mayor Sheppard went south this morning on the C. & E. for the transaction of important civic railroad business.

Mr. Wallace of Walter's mine, was up town yesterday and reports a daily output of about forty tons and a ready demand for the same. He says the seam is about four and a half feet in thickness and of good quality.

It is said that the Parish block, corner of Whyte avenue and West Railway street has been sold to some Eastern capitalists for $22,000.

POPULAR HOTELMAN RETIRES

Strathcona, Feb. 17.—Mr. R. McKernan, who for the past seven years has conducted the Dominion hotel has retired from business. He is succeeded in the management by the McLellan Bros.

Mr. McKernan came West from Ottawa in 1877. The journey from Winnipeg to Hay Lake was made with oxen and took three months and two days. He was in the Government employ at Hay Lake for about for years and then secured the homestead which he no holds a few miles from town. Mr. McKernan, wife and family have seen the many phases of Western life and have met and overcome many trials, inconveniences and difficulties about which the modest settler knows nothing. He built the Dominion hotel here some time ago. It has grown from a small building with six rooms to a handsome edifice which is a credit to our town.

The estimation in which Mr. and Mrs. McKernan are held by those who know them best can be gauged by the following testimonial presented to them:

Strathcona, Feb. 14., 06.

Dear Mr. McKernan:—We the guests MDear Mr. McKernan:—We the guests of the Dominion hotel take this opportunity of expressing our regret at your discontinuing as host of the Dominion and ask you to accept this token of our appreciation of your efforts to supply our many wants.

We regret that you have seen fit to sever you connection with the hotel, but hope that in the years to come, in your rest from active duty in hotel life that you may spend many happy hours in our donation.

It is useless to attempt to express our appreciation of the many favors that we have received at your hands but assure you that the kindliest of feelings will be entertained in the heart of every guest for "Old Bob."

Wishing you and your estimable life partner a long and happy autumn to your active and useful lives, we beg to remain your sincere friends, signed on behalf of the guests, Dr. W. McIntyre and Geo. H. Craig.

LOCAL IMPROVEMENT COUNCIL.

(Contributed.)

The Council of Local Imp. Dis. No. 27, S. 4, met on Saturday the 10th of February, at the Fire Hall, Edmonton. The following were in attendance: Councillors Allen, Hogan, Ball, Simpson, McEachern, Maloney and Secretary-Treasurer Hogan.

The meeting was opened with the minutes of the last meeting. It was then moved by J. B. McEachern, seconded by E. Hogan, that the minutes be adopted. Carried.

The whole of the forenoon session and part of the afternoon was spent in considering amendments which should be added to the Local Improvement Ordinance. The discussion from time to time was animated and much interest was shown throughout, not only by the council, but by several ratepayers as well. It was finally agreed that a committee consisting of Councillors Allen, Simpson and Maloney should interview the Government when in session, and endeavor to get the following amendments added to the present Local Improvement Ordinance.

1 Section 25 (a) be amended by substituting "Second Saturday" for "Second Monday," and that the clause be further amended by setting the hours of election between 2 and 4 p.m. instead of from 10 to 12.

2 Section 40 be amended by striking out the words (a) "given" (b) "three days" and substituting "mailed" for the former and "one week" for the latter.

3 In the last clause of section 46 "not more than eight meetings" should be inserted for "not more than six meetings."

4 Section 49: The words "fifty cents" should read "two dollars."

5 Section 54: Where the word "taxes" occurs in line five the words "together with interest at 10 per cent" should be added.

6 Section 55: The system of hearing appeals as outlined in this section should be abolished, and instead authority should be vested in the council to hold a special session to hear and decide appeals against assessment.

Several petitions requesting the Government to make improvements in different parts of the district were presented and approved by the council. They are as follows:

(1) Hogan and Maloney: That the government expend an amount sufficient to put in a passable condition Long Lake Trail between sections 12 and 13; 11 and 14 in Township 53 Range 25.

(2) Simpson and Hogan: That the Government grade and drain what is known as Johnson's Slough on Athabasca Landing between sections 25 and 26, Township 54 Range 24.

(3) Maloney and Simpson: That the Government complete drain No. 42 of the Northwest Drainage System.

(4) McEachern and Hogan: That the Government drain what is known as McPherson's Slough between sections 17 and 18; also Galbraith's Slough between sections 29 and 20, Township 53 Range 24.

(5) Ball and Hogan: That the Government open road allowance between sections 35 and 26, Township 52 Range 25.

(6) Simpson and McEachern: That the Government open range line between Townships 53 and 54 in Ranges 23 and 24 to station Oliver.

Simpson and Maloney: That the rate for the current year be 5c an acre. Carried.

Maloney and Simpson: Each councillor in his respective division form a committee of one to superintend and control money expended in his own division. Carried.

Simpson and Ball: That the meeting adjourn. Carried.

M. Hogan, Sec.-Treasurer.

NOTICE TO CONTRACTORS

SEALED TENDERS addressed to the undersigned, marked on the envelope, "Tenders for Construction," will be received at the office of the Commissioners of the Transcontinental Railway at Ottawa, until twelve o'clock noon on Monday, the 12th day of March, 1906, for the work required for the construction, in accordance with the plans, profiles and specifications of said Commissioners, for the following sections of the Transcontinental Railway, the said work to be completed on or before the first day of December, 1907, viz:

(1) District "F". From a point designated on the plans of the said Commissioners at or near the City of Winnipeg, to a point known as Peninsula Crossing, near the junction point of the Port William branch of the Grand Trunk Pacific Railway, a distance of about 245 miles.

(2) District "B". From a point designated on the plans of the said Commissioners, at the north end of the Quebec Bridge and Railway Company's bridge in the vicinity of the City of Quebec, to a point near La Tuque, a distance of about 150 miles.

(3) A steel viaduct about 3,000 feet long across the Cap Rouge Valley, in said District "B" in the vicinity of the City of Quebec, the work to be performed in accordance with the General Specifications of the Commissioners of the Transcontinental Railway, and the General Specifications for steel bridges and viaducts of the Department of Railways and Canals of Canada, 1905.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, also in the office of the District Engineer at Kenora, Ontario, for the section of District "F", and for the section of District "B" in the office of the District Engineer at Quebec.

Persons tendering are notified that tenders will not be considered unless made in duplicate and on the printed forms supplied by the Commissioners.

Separate tenders must be submitted for the work in each District.

Tenderers shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners, and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed and fully inform themselves as to the quantity and quality of materials and character of workmanship required; and are understood to accept and agree to be bound by the terms and conditions contained in the form of contract, specifications, &c., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the Commissioners of the Transcontinental Railway for the sum of four hundred thousand dollars ($400,000), for District "F", and two hundred and twenty-five thousand dollars ($225,000) for District "B", and thirty-five thousand dollars ($35,000) for steel viaduct in said District "B". Any person whose tender is accepted, shall, within ten days after the acceptance thereof furnish the security required by the Commissioners for due and faithful performance of the contract according to its terms, sign the contract, specifications and other documents required to be signed by said Commissioners; and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners and to furnish the approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract:

"All mechanics, laborers or other persons who perform labour for the purposes of the construction of the works hereby contracted for shall be paid such wages as are generally accepted as current for competent workmen in the District in which the work is being performed, and, if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

"This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labour, and which are or shall be applicable to such works."

"The contractor shall in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply and upon as good terms in Canada as elsewhere, having regard to quality and price."

The contractor shall conform to the Fire Regulations adopted by the Commissioners, and also to the Laws and Regulations respecting fires in the different Provinces wherein the work is being performed.

The right is reserved to reject any or all tenders.

By order,

P. E. RYAN,
Secretary.

The Commissioners of the Transcontinental Railway,
Ottawa, 1st February, 1906.

AN ERRONEOUS INTERVIEW

The Winnipeg Free Press publishes an interview with a gentleman named Thomas Gilley in which an altogether mistaken notion is conveyed regarding the French-speaking residents of North Alberta. This gentleman, we are informed, has returned from a trip through the French-speaking settlements of Northern Alberta and he is credited with saying that the people of such settlements are immigrants from France, and have imported with them "the picturesque dress and customs of mediaeval Europe." As a matter of fact the French speaking people in the districts mentioned are born Canadians from the province of Quebec and are no more distinguishable from the other classes in the West by dress and custom than settlers from Ontario. Whether the fault be in the observation of the gentleman interviewed or in the imagination of the interviewer, the article gives an altogether mistaken idea of the French-speaking people of this district.

A GRATUITOUS DEFENCE OF THE C. P. R.

Mail and Empire: Vast though the Canadian Pacific Railway system is, it is still growing, and will continue to grow and fill out with the growth of the country. Shallow critics of the policy of Sir John Macdonald's government for assisting the construction of this transcontinental highway forget that the C. P. R. has still much to add to its great extent. In other words the land grant will long continue productive of new lines. The company's enterprise has brought the value of its lands from a nominal sum to a very large aggregate. This ascending value has still far upwards to go before reaching a stopping point. Thus the company has in its retained lands the means of going on expanding.

We were not aware that the C. P. R. had been assailed on the ground of financial inability to construct more lines or that the land grant policy of Sir John Macdonald had been censured as a bad thing for the C. P. R. Such however appears to have been the case from the manner in which the faithful ally of that corporation comes to the rescue. The criticism which has been launched against the C. P. R. in the West at any rate has not been that it could not afford to build new lines, but that it could afford to and would not do so. Neither has it been charged in this country that the land grant given to the company by the Mail's friends was a disadvantage to the C. P. R. On the contrary, this has been such a recognized "good thing" for the company that it has been felt that some measure of consideration for the public and its rights should be the company's manner of reciprocating. Up to date, however, this has not worked out according to popular desire and only as the construction of new railways places before the C. P. R. the alternative of building railroad or losing trade are the C. P. R. lines extended. The Mail is quite right in depicting the C. P. R. land grant as stored up resources from which to draw the capital for new branches. It would have also been right had it gone the whole way and said that the resources so bestowed upon the favored corporation by a loving country had constituted one of the stumbling-blocks to securing railway competition in the North West. This handicap of the older company was sufficient to deter newcomers from entering the field and so ridiculously disproportionate that no new comer could hope to be put on an equally favorable basis.

A case in point in this connection is the treatment accorded Edmonton by the C. P. R. Fifteen years since the name of Edmonton was used as an argument for securing a charter for a railway supposedly to be built from Calgary to Edmonton. The railway was not built to Edmonton, was not built to a point "at or near Edmonton" save by an unwarrantably liberal stretching of the phraseology, has not been built to Edmonton yet and its extension to this city has occupied the serious attention of the company only since the trade of Edmonton has secured an alternative channel and has shown a decided inclination to use that channel. But not in their most earnest moments have the people of Edmonton alleged financial disability as the cause of the Company's violation of the plain meaning of the charter, or argued that the land holdings of the company were not good security for the necessary investment. To them it has appeared that the C. P. R. has had the financial power to extend the so-called C. & E. to Edmonton any time within the past ten years without annihilating the handsome dividends which that line has rolled into the coffers of the corporation, and the annual financial statements of that line have given them the best of reasons for the faith which is in them.

The experience of Edmonton has been no exceptional circumstance, but a local manifestation of the C. P. R. policy to extend its system not in accord with the requirements of traffic or the limitations of its purse, but as changing circumstances have forced such extension with the unavoidable alternative of loss of business. Whatever may have been the shortcomings of the C. P. R., lack of capital with which to provide the needed facilities in the West has not been numbered among them, and whatever may have been the mistakes of the bargain made with the Company, an insufficient or valueless land grant was not one of them.

EDMOMTON BOYS AT REGINA

(Regina Standard)

Regina hockeyists secured the championship of Saskatchewan and Alberta last night when they defeated the visiting Edmonton aggregation by a score of seven goals to five. The game was worthy of the name championship in more ways than one. Fast and brilliant it was characterized throughout with a quick and close following of the puck from one end of the ice to the other. From start to finish the game was fast and the play was for the greater part centred in front of Regina's net. Kain between the posts was kept hard at it stopping hot ones. One after another they came until the Regina man allowed the rubber to evade his eagle eye for the first time, and just to give credit where credit was due, the Regina crowd cheered for Edmonton's first goal.

* * *

With regard to the individual playing it would be hard in the case of Edmonton to particularize. They all played first class hockey, and although heavy on the check they are by no means dirty on the ice. Only once or twice were penalties necessary, and each time the judge of play did his work very efficiently. The Albertans play together a little better than the locals and their wing men are more often to be found in position. Apart from that there is practically no difference between the two teams. They are a bunch of hockey players who might well come together again tonight and the final score be different. Neither excels far above the other as a team, but both appear to be evenly matched, the kind of players for a good fast game of hockey.

* * *

For Regina there is no doubt, even in the minds of the players, that Carmichael on the wing, and Kain in goal were the stars of the evening. That of course, does not carry with it the insinuation that the other players neglected their work. They were hard at it from start to finish, and "Windy" Stubbings showed remarkable form for a man who was playing his first game of the season. Arnold, too, made a great showing, considering that he is out of training, and far from being well. But in the nets Kain was called upon to stop shot after shot. At times they came like lightning, and, to use the words of Mr. Russell, Edmonton's goal umpire, "It looked as though there would be no scoring at all." A few managed to evade the watchful goal-tender, though Kain lost none of his grip on the game because of that. With Carmichael it was different. Great things were expected of him on the line for he has done some hard wind-practising, and has gotten himself into fine shape. Last night he was everywhere and always in the way when a visiting player had the rubber.

* * *

The Edmonton men are all clean hockey players and take their defeat manfully. They are satisfied to have had a good name, and in the belief that they were only beaten out because of two of the men being laid up. "Rocky" Powers, cover point, and Arnold Johnson, right wing, were both laid off as a result of the hard game with Calgary on Monday night. The visitors were loud in their praise of the treatment accorded by the Regina team, and by the citizens of the Capital, and they declare that should Regina go west on a tour, royal entertainment will be handed out.

* * *

J. A. McKinnon, late of this city, is manager of the Edmonton team, and he expresses his appreciation of Regina's treatmen in laudatory terms. Mr. McKinnon told the Standard that the players had been warned against meeting the Regina aggregation, and told them that they would be cut to pieces. It was a pleasant surprise to all to find that Regina players were gentlemen on the ice as well as off it.

* * *

Mr. McKinnon took his team west to Moose Jaw this morning, and will pass through tomorrow on the way to Winnipeg. Returning from that city another game may be arranged with Regina.

* * *

Words of great praise are due to Messrs. Bush and Moir, the referee and judge of play, respectively. Although they sometimes gave decisions with which the crowd could not agree, all admitted, after the game, that they were for the best, and that the officials had acted as squarely as possible. The officials themselves are highly pleased with the game and are not slow to express their good opinion of the players of both teams.

VEGREVILLE IS GROWING FAST

The District Settling Up Rapidly---Building Operations Brisk

Dr. A. H. Goodwin, of Vegreville is in town today. The new town located at the railway station is making remarkable progress. The original townsite sales netted the townsite owners between forty and fifty thousand dollars. Building operations have been very active during the winter and the prospects for the coming summer are very bright. The Merchant's Bank will erect a $10,000 building as soon as spring opens. The Bank of Commerce is now moving into a splendid new buildings erected early in the year. Several general store buildings are now under way and a large hardware store is now being occupied by Messrs. Morton & Walker. Alanson & Gully, the pioneer hardware firm of the town opened out in a new store with the arrival of the railway.

New-comers have been arriving continually during the winter and the population now numbers about two hundred and fifty. Settlers are coming in in large numbers and the homestead entries are at present ranging from fifteen to twenty-five per month with every prospect of a very large increase when the spring rush starts. Enquiries at the local land office indicate that the district will receive its full share of the immense immigration expected to take place during the coming season.

Application is now being made for incorporation as a village and the intention is to become a town at as early a date as possible.

Representations are being made to the Federal government looking to the establishment of a post office in the new town. The town is located some four miles from the original town of Vegreville and the business section of the community experiences great disadvantage from the lack of postal facilities.

PONOKA ITEMS

(Correspondence)

Ponoka, Feb. 17.—The annual general meeting of the Ponoka Gun Club was held in the Royal Hotel Friday evening under the presidency of F. M. Lee. A large number of members turned out, and heard a most satisfactory report from the secretary. Notwithstanding the heavy outlay the club has put in buying a new trap as also a deal of other expenses, the exchequer was found to have a goodly sum on hand, mainly through the large increase in membership. The past year proved exceedingly interesting and several good scores were made, the averages being higher that of the preceding season, while several interesting contests were taken part in notably that for the Red Deer Cup open to all gun clubs between Calgary and Edmonton, which Ponoka won.

The club's badges for the season's highest averages, were won by C. Anderson, gold; C. W. Segerstrom, silver. F. J. Purdy, bronze.

F. M. Lee was re-elected president; A. Band, secretary-treasurer; G. W. Anderson, field captain. Practice is to commence at an early date, and the club can look forward to another year's successful sport.

Again have the hockey boys to own another defeat at the hands of the Lacombe players. The return game was played on the rink on Thursday afternoon and resulted in a win for Lacombe by three goals to two. A capital game was played and the spectators witnessed some fine plays.

The mild weather is proving very beneficial to our workmen, Blain & McKelney being able to employ a good number at their saw mill, where operations have been carried on the past three weeks.

THE WEATHER

Winnipeg, Feb. 19.—The weather has been fair and mild in all provinces, especially in Alberta.

Forecast: Today and Tuesday, mild with light snow falls in Manitoba and Saskatchewan. Fair and mild in Alberta.

LILGE'S SECOND TRIAL

Continued From Page One.

was brunt to a crisp. The morning after the fire Mr. Allen, school teacher, and Mr. Hoehme, came over to the scene. After the inquest witness had put the body into a box, and had found a burnt jack-knife and a key of a door, and some buttons and buckles, nearby. He had identified one of the buttons as one he had given Leslie some time before the fire. The jack-knife also belonged to Leslie. The morning after the fire witness saw one of the men pick up another knife which was lying a little to the northwest of the building. The knife was one which had been used in the store for cutting cheese. Witness examined the contents of two sacks in the court, filled with various articles, and said that such articles had been kept in the store.

Cross-examined by Mr. Biggar, witness said he had lived on the southwest quarter for thirteen years and had always been on the best terms with Leslie. Leslie homesteaded on the the northeast quarter. The stock for the store was bought from Brodie, who kept store in Hoehme's place. Hoehme kept the postoffice in the dwelling. Witness was not on friendly terms with Hoehme and never went to Hoehme's place except for mail.

Witness said a petition had been largely signed to have the post office changed to Leslie's store. Witness did not know why they wanted to change it. He had signed the petition. Hoehme had eighty acres of land. Did not farm much of it. Devoted most of his time to the store business. On the night of the fire Grams had gone to the fire ahead of witness.

AN AFFAIR OF HONOR

Philadelphia, Feb. 19.—Two students whose homes are in Paris, but who are attending the Universary of Pennsylvania, fought a duel Saturday to settle a quarrel, which had arisen in the classroom. They were George Emile Beltrame and Clataire Bondy, members of the senior class in the dental school. Pizerre Jean Rosusel, another French student was referee, and the duel was witnessed by thirty-five students on Franklin field. It lasted about fifteen minutes. Beltrand had his sword arm slashed, the gash being about four inches long, but the referee awarded the decision to Beltrame because he had reached his opponent's body three times first. The duel was with foils.

BANK OF HAMILTON COMMENCES ALTERATIONS

The Bank of Hamilton, which has leased the McDougall & Secord fur store on Jasper avenue for temporary quarters has not lost any time in getting down to business in making their alterations. Mr. H. A. Aylwin returned from down the C. & E. on Saturday night and confirmed the deal with John A. McDougall for the premises, and this morning the carpenters went to work at the alterations. It is the intention of the inspector to have all the alterations completed and the bank opened by the first of the month. H. A. Grey, from Morden, Manitoba, who has been in charge of the branch there for several years, has been appointed to the management of the branch here.

THE CATTLE EMBARGO.

London, Feb. 17.—At the annual meeting of the Ripon Agricultural Association a discussion took place on the resolution against the relaxation of the embargo on the importation of Canadian cattle. Mr. Goldthorp spoke in favor of it, saying that every farmer suffered a loss feeding lean cattle at the present prices.

thousands of the most obstinate cases of Coughs, Colds and Lung troubles. It will cure you.

"Last winter I coughed for three months and thought I was going into Consumption. I used all sorts of medicines, but nothing did me any good until I used Shiloh's Consumption Cure. Two bottles cured me. This winter I had a very bad cold, was not able to speak, my lungs were sore on the side and back. Six bottles of Shiloh cured me well again. I have given it to several people and every one of them have been cured." St. Joseph, St. Hyacinthe, Que.

TWO TRAGEDIES IN REGINA

Child Takes Poison Accidentally and Englishman Attempts to Commit Suicide

Carelessness on the part of his father in leaving deadly poison lying about the house, says the Regina Leader, is said to be the cause of the death of Wilfrid, the 16-month-old child of Edwin G. Corliss of that city.

About four o'clock in the afternoon the child secured a piece of bichromate of potash about the size of an almond nut. Evidently thinking it to be candy, he placed it in his mouth and swallowed it. He was immediately taken sick, and the parents administered an antidote in the form of soda. He seemed better for some time, but about eleven o'clock he commenced to take convulsions, and before medical assistance could be secured, had passed away.

Corliss had not considered the bichromate of potash a poison, as he had been in the habit of buying it for eight cents a pound when in England, and using it for experiments with electrical batteries. It however is an exceedingly dangerous thing, and the medical authorities state that one-tenth of a grain would be fatal." The child took at least 60 grains.

The coroner investigated the case and decided that an inquest was unnecessary as it was clearly a case of accidental poisoning.

William Rowlett, an Englishman, who came down to Regina from Pense, is charged with having attempted to commit suicide in the Saskatchewan, and lies at the Mounted Police barracks in a precarious condition.

Rowlett purchased one hundred quarter grain tablets of morphine at a Regina drug store, and, going out to the prairie, took twenty-five grains of the poison. A little later he was found in a dazed condition and taken to the police barracks. There is not much hope of his recovery.

—There will be no practice of the Young Liberal Glee Club this evening

—The Dominion Bank is reported to be negotiating for premises in which to open a branch here.

—A convention of medical men will be held in Unity hall tomorrow evening at 8.30.

—The meeting of the McDougall Church Epworth League this evening will be of a social and literary nature.

—Yesterday being Children's Sunday in the First Presbyterian church, Miss Jessie Cameron sang "The Choir boy" pleasingly.

—A building permit was issued today to J. R. Huttebach to build a residence on the east side of First street, between Saskatchewan and Calgary avenues.

—A new graphophone is being exhibited in the window of the Astley-Jones piano and organ company at present, showing the latest 1906 aluminum tone arm.

—Several old-time residents say that such mild weather has not been seen since the year 1889, in which year not a sleigh was in use during the whole winter.

—The members of the Willing Workers of All Saints' church beg to thank their friends for their help and support in the carnival at the Thistle rink in January.

—The Young People's Society of the First Presbyterian church will hold a literary meeting this evening, when the study of the poetry of Robert Browning will be introduced.

—Tomorrow evening the entertainment under the auspices of the Edmonton school of fencing takes place in Robertson's hall at 8.30. Among the features will be club swinging by A. E. Hopkins and R. S. Robertson and an exhibition of a duel with rapiers by Sergt. Darregen and Sergt. Major Brutinel. Yorks orchestra will provide music.

—Next Sunday will be missionary Sunday in Grace and McDougall Methodist churches, and special services will be held. The ministers who will be present are Rev. Mr. Woodsworth, of Grace Methodist church, Winnipeg, recording secretary of Missions for the North West: Rev. O. Darwin, superintendent of Missions for Manitoba, and Rev. Mr. White, superintendent of Missions for British Columbia.

—Settlers are commencing to arrive in the city and quite a number have registered at the immigration office during the last few days. Among those who registered Saturday were G. W. Saunders, wife and family of six children, from North Dakota; James Allen and wife, Kansas, and Joseph Vincent of Kansas; Bernard Laughlin, Colorado; John Francis and wife, Missouri, and James Walker, wife and three children, from South Dakota.

—The convention of the Epworth Leagues of Edmonton and Vermilion districts will open in the Methodist church Strathcona, on Wednesday evening, and will continue on Thursday when morning afternoon and evening sessions will be held. There will be several good addresses, and the ministers of the districts will be present. On Wednesday evening the choir of McDougall church will render selections, and on Thursday evening the Strathcona choir will take part. All are invited to be present.

—A congregational meeting of Queen's avenue Presbyterian church will be held on Wednesday evening next for the purpose of considering the call of a pastor. Until recently the status of the congregation was simply that of a missionary station, to which Rev. Mr. Reikie had been sent by the Home Mission committee. Mr. Reikie's term of appointment expires on March 31st, and at yesterday's services he announced that he would sever his connection with the congregation on that date and would not accept a call. Mr. Reikie has been energetic and untiring in his efforts to assist in organizing this congregation and has labored with much success, as the splendid progress of the church since it was opened will show. At the meeting on Wednesday the ability of the congregation to become self-supporting and the advisability of calling a permanent pastor will be fully considered.

THE QUESTION OF YOUR CLOTHES.

The smartest and most fashionable clothing seen on men now- a days is ready-to-wear. Not all ready-to-wear clothing, however, is of this description. It depends upon the maker.

20th CENTURY BRAND

Of men's fine -tailored garments is made by men who aim high, to whom price is less important than excellence. This brand of clothing stands easily first among all made-up clothing. It is clothing that appeals to men with a fine appreciation of style, and cloth, and finish.

We are agents in Edmonton for it, and invite every man who has a clothes question to settle, to come in and see for himself just what we have for him.
